

## *Non-financial benefits and life cycle of large infrastructure projects*

 **SUBJECT :** This research project looks at ways of incorporating non-financial benefits, for instance social benefits, throughout the life cycle of large infrastructure projects.

## **TEAM MEMBERS :**

- Marie-Andrée CARON - Professor, ESG UQAM
- Nathalie DROUIN - Executive Director of KHEOPS, UQAM
- Marie-Noëlle DUCHARME - Research Officer, UQAM

## **EXPECTED OUTCOMES :**

- To determine best practices in identifying and measuring non-financial benefits.
- To develop an approach to co-build and implement tools that will define, select and audit infrastructure projects based on social, economical and environmental impacts.
